

Electric cleaner

reaction

Pool cleaning made simple: **PLUG&ENJOY**

Electric cleaner

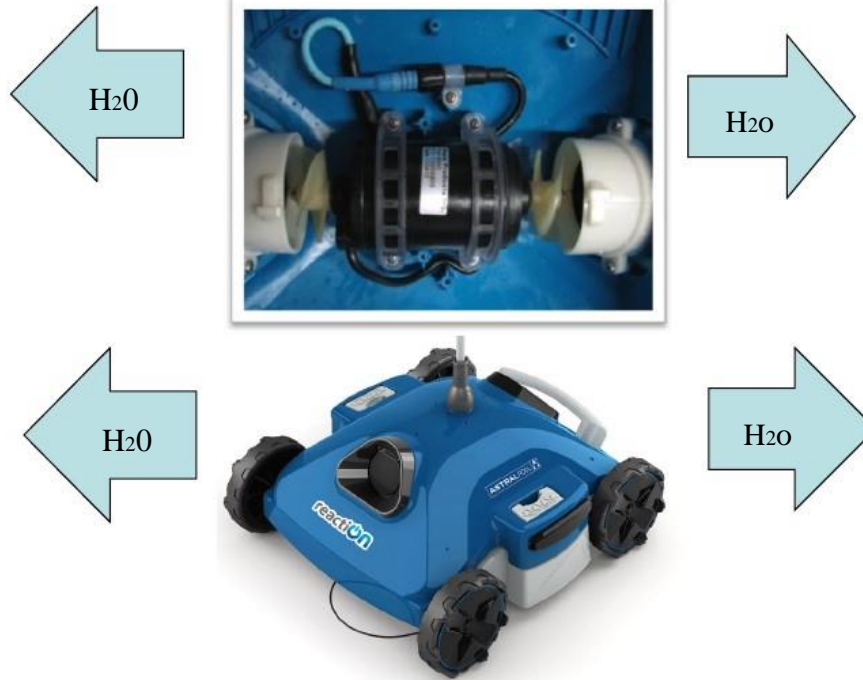

Product benefits:

- **User friendly design**
 - Top access: easy access to the filter. No need to put the cleaner upside down.
 - Plug and play power supply: easy and simple for anyone.
- **Cleaning performance**
 - 2 different mesh filters: ensures best cleaning performance.
 - Filter capacity of 1.575 cm³ (2 x 787cm³): enables end user to use it more times before cleaning.
- **Reliability**
 - One single motor generates motion and suction.
 - No internal parts (gears, bells and so on).
