

Robot Cleaner - Astralpool Reaction -

The **electric robot Reaction** has one of the best cleaning capabilities of the market in its category.

It's **sleek, ergonomic design** allows you to maximize cleaning ability allowing you to enjoy your pool instead of worrying about it.

This modern robot is ideal for cleaning the pool floor with a **capacity of 60 m2**, is able to react to obstacles and fits all sizes and finishes (**liner, tiles, etc ...**)

The **Electrical Cleaner Reaction** is extremely light and uses the Jet propulsion method. It is able to **filter 18 m3 / h** and its external timer lets you program cycles **cleaning 1 or 2 hours** .

For a thorough and proper cleaning for your pool, this robot uses two types of filters; for daily cleaning and **extreme cleanliness** guaranteeing perfect water conditions

Value Added:

- a. Intuitive Transformer
- b. Extremely light
- c. Top filters Access
- d. New format filter for a more comfortable cleaning
- e. Increased suction power to collect all particles
- f. Two types of filter for daily cleaning or extreme cleanliness

Ideal For: Enjoy it in all types of pools
